

# EUROPEAN INITIATIVE AGAINST TTIP AND CETA

[www.stop-ttip.org](http://www.stop-ttip.org)

## Subject matter:

We call on the institutions of the European Union and its member states to stop the negotiations with the USA on the Transatlantic Trade and Investment Partnership (TTIP) and not to ratify the Comprehensive Economic and Trade Agreement (CETA) with Canada.

## Main objectives:

We want to prevent TTIP and CETA because they include several critical issues such as investor-state dispute settlement and rules on regulatory cooperation that pose a threat to democracy and the rule of law. We want to prevent lowering of standards concerning employment, social, environmental, privacy and consumers and the deregulation of public services (such as water) and cultural assets in non-transparent negotiations. The European Initiative supports an alternative trade and investment policy in the EU.
